Introduction to Graphic Design

Graphic Design
is the transformation of an idea
into a visual experience

GRAPHIC DESIGN ELEMENTS

- ARE THE BUILDING BLOCKS OF GRAPHICS

- ▶ Line
- ▶ Color
- ▶ Shape
- ▶ Texture

LINES

- ▶ Can be straight or curved
- ▶ Can be used for composition

COLOR

- ▶ Can enhance or detract from a composition
- ▶ Very powerful, but dangerous
- ▶ Use color to label or show hierarchy.
- ▶ Use color to unify, separate, or emphasize.
- ▶ Use color to decorate.
- ▶ Use color consistently.

WARM COLORS

-generally energizing, passionate, and positive

COOL COLORS

- ▶ colors of night, of water, of nature, and are usually calming, relaxing, and somewhat reserved.

HOME ABOUT INVEST

I design websites and other stuff. Oh and I shoot photos as well.

Oy! Mabuhay and welcome to my webpage. The name's Kelvin. I'm a web designer and photo enthusiast from Philippines who is always fascinated by awesome websites and stunning photographs. I also love the always sold-out hopia mungo of Michell's Bakeshop. :)

Feel free to look around. And if you find something interesting, please don't hesitate to get in touch. You can send me some love at vin@kjsman96.com or just visit my contact page. Cheers!

NEUTRAL COLORS

- ▶ serve as the backdrop in design
- ▶ impressions of neutral colors are much more affected by the colors that surround them than are warm and cool colors
